tss

Sentinel Upload

1

Locate the Sentinel and stop the monitor by pressing and holding the button for approximately 3 seconds, until the LED is flashing **red**. When the LED is flashing **red**, release the button immediately.*
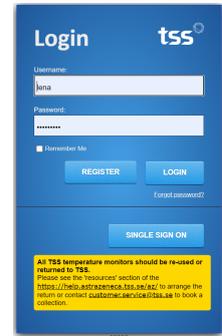

Keep the sentinels <30m to sentry gateway > 15 min

If the LED is already red, press and hold the button for 3 seconds until it becomes green, then release. Repeat the button press until the LED becomes flashing red again, then release.

2

a. Login to az.ccis.se
b. Select "TempViaNet"
c. Select "SEARCH"

3

a. Enter or scan shipping, order or delivery number
b. Verify Sentinel upload complete

4

Review Sentinel alarm/no alarm status.
Click 'select all' + 'show selected reports'

5

If an alarm is received please make sure to follow the local Quality Assurance processes to report the temperature excursion.

6

Reusable device! Please transfer to outbound or await pickup service for recycling.

If no outbound AstraZeneca shipments, pickup will be scheduled to collect your Sentinels on a regular basis.
Please store safely.
